Store Website

User Story:

As a user:

- I want to access the store's product listing page (PLP) to view a list of products.
- I want to specify the category which the listing would render.
- I want to access a product description page (PDP).
- I want to add products to a cart either from the PLP or PDP.
- I want to view the cart page, besides a mini cart overlay across PDP or PLP.
- I want to specify what attributes does the product contain (size, color … etc)
- I want to checkout the cart for payment.
- I want to login, create a new account or continue as guest during checkout.
